No. 883/1

Office of the President of the District Fund Board, Tumkur District.

Dated, 12th April 1895

To

The General Secretary to the Government of Mysore

Sir,

At present Government do not permit the execution of any work within any Municipality out of the District Funds. This prevents the execution of even the most necessary works in Municipalities which are too poor to bear their cost. Thus even the sinking of fresh water wells which are absolutely necessary in some of the impecunious Municipalities has been stopped

Therefore

Therefore the District Fund Board resolved in its meeting on the 9th instant that the Government should be requested to relase the rule in the case of at least the poor municipalities. A copy of its resolution is herewith submitted for orders.

I have the honor to be,
Sir,
Your most obedient Servant

W. K. Lantaran
President of the District
Fund Board of the
Sumkur District

Extract from the Proceedings of the Members of the District Fund Board of the Tumkur District, dated the 9th April 1895

× × × ×

6. Unanimously resolved that the Government be earnestly asked to allow fresh water wells being sunk out of the District Funds even under Municipalities wherever the Municipal funds are too small to bear the Cost. This suggestion is made as water difficulty is much felt in impecunious Municipalities.

Could add that if any such Municipality so is, it may be considered whether a Municipality is too poor for want of funds, it is expedient to maintain as possibly as it, which is a burden on the Provincial Revenues.
